Modular Names New Vice President, Global Operations

Tucson, Arizona – May 12, 2009

Modular Mining Systems, Inc., the market leader in powerful information management solutions for mining operations worldwide, announces the creation of a strategic new position-Vice President, Global Operations. The position, created to improve customer service delivery, is assumed by Martin Farrow, former Modular General Manager, Latin America. Farrow will ensure that regional support and service centers continue to deliver a high level of service, allowing customers to realize the full value of Modular products and services.

“Martin has gained extensive knowledge for this global role from his previous responsibilities in Australia, North America and Latin America,” says Peter Carter, CEO. “His focus in this strategic new role will include enhancing customer service delivery, facilitating best practice, and streamlining the deployment and service of next generation products.”

About Modular Mining Systems, Inc.

Modular is the market leader in providing powerful information management solutions to meet the needs of both open pit and underground mining operations worldwide. Modular sales and support offices are located in all key world-mining markets. For more information, visit the Modular website at <http://www.modularmining.com>.
